SPA

TREATMENTS

A woman is lying on her back, looking upwards with a serene expression. She is surrounded by numerous white rose petals. Two dark, smooth hot stones are placed on her forehead and chest. Two hands are gently resting on her shoulders. A white towel is draped over her midsection.

Coming Soon Thermacool . . .

I started my career, as a massage therapist, fourteen years ago at the Grand Wailea, Spa Grande. As opening staff we had the good fortune of being trained by all the best from around the world. I then attended Aveda Institutes esthetician program. Because spa treatments are my passion, I chose to advance my knowledge in San Fransisco where I worked with dermatologists and plastic surgeons at the top spas. This developed my specialty of hi tech anti-aging. So much so that I had the honor of being featured in Allure magazine for my innovative approach to non-invasive youth enhancement. Adding all the newest technology and gaining years of experience made it possible for me to move back to beautiful Maui and open the Spa Sanctuary where we blend the most pampering style treatments with the latest anti-aging technology.
